Hello Everyone,

Some cool starts to our mornings this week that have lead into beautiful days outside and opportunity for our students to practise for up-coming events such as the cross country and bike hikes, as well learning through play in the natural environment at the back of the oval.

On Monday our school leaders lead our students through an ANZAC Day presentation, including sharing some information around ANZAC Day, reading of The Ode, hearing the last post and taking part in a minute's silence. Staff were very proud of the respect shown throughout the presentation by all of our students. Throughout the week students completed different artworks in the art room and their classrooms that are on display through the school.

### Education Week

*Education Week runs from 23-29 May.* The theme 'Building Connections' focuses on how the community can act as a support network, support students' learning and development and enhance social inclusion. Education Week is an opportunity for schools to showcase how they are building connections with the community around them and celebrate their strengths and achievements.

Appin Park Primary School will be celebrating Education Week by holding an Open Morning on **Wednesday 26<sup>th</sup> May, 9-11am.** This will be an opportunity for all our parents and carers to come and visit your children in their classroom and talk with them about what is happening for them throughout a regular day at school. A cup of tea or coffee will be available on the veranda at the office. On **Thursday 27<sup>th</sup> May** we will be holding our first **Library after Dark** event for 2021. This will be held in the school library. More information will be sent home prior to this event.

### School Council

School Council approved the 2020 Annual Report to the school community on Monday night. The report will be available on our school website by the end of this week.

## What's happening in the 5/6 Unit

Last week, the 5/6 students completed activities around ANZAC Day. The activities improved their understanding of the background of this significant day and helped reinforce the importance of why we commemorate the ANZACs.

The students have commenced Bike Ed and are starting to participate in longer rides in preparation for the annual "Bike Hike" out to Glenrowan. The students will set off on the Walnut Grove practice ride next week.

We also launched our Earn & Learn Quest this week where students will learn to be a member of a classroom economy. Students have researched the jobs they will be suited to and are currently writing applications in the hopes of landing their dream job.
