Hello Everyone,

Congratulations to all our students for participating so willingly in our cross-country event today. Thank you to Mrs Martin for her organisation of the event. Another great way for our school community to connect.

Yesterday we celebrated Simultaneous Storytime as a whole school, an event that has been celebrated across the country at the same time on the same day for the past 23 years. Mrs Elliott invited everyone to the library before recess to hear the story of "Speedy Sloth" and share her enthusiasm and passion for the library and all things books.

Library After Dark

Thursday 8th June sees the return of **Library After Dark** from 6:00-7:00pm. We invite all our families to come along, enjoy our school library and all it has to offer. This is always an enjoyable evening and an opportunity to catch up with other Appin Park families. More information next week.

Sports News

School Cross Country

Another great morning for our annual cross country. The sea of red, yellow, blue and green outfits certainly contributed to an exciting morning. The event started with the Year 5/6 students who had chosen to run 3 km. Giving them a 5 minute start, the large contingent of Year 3-6 students then left the starting line to complete 2km, before the Junior School students were on their way to complete 1km.

Although running long distances can be challenging for some students it is always great to see the many students out on the track doing their best and celebrating at the finish, knowing that they had achieved a great result for themselves and their team. Everyone scores points that go towards their sports team and towards the House Shield that is presented at the end of the year. Please check out next week's newsletter for the final team results and the individual winners.

Some Year 3-6 students may be invited to compete in the District Cross Country Event, to be held in Wangaratta on Wednesday 7th June. Further details will be forwarded home for those students.

3/4 Arcade Trip

On the 3/4 excursion to Intencity we all got lots of ideas for arcade games. We had lots of fun and excitement. *Charlie Cook*

I saw the basketball game and I really liked it so I thought our group should use it as an idea. *Seth McCrae*

Thank you to everyone who so generously contributed to our Run4Fun. We raised over \$9,000 which will be used for landscaping and new goalpost pads.
