Hello Everyone,

Happy and safe holidays everyone!

We have come to the end of a very long and unusual term 2. I cannot thank the Appin Park Primary School community enough for the support and understanding you have shown throughout this challenging time. Never could we have imagined what would unfold through this first semester of 2020. However, with determination, resilience and a calm and collaborative approach between school and home we have been able to work through most issues that have arisen. Again, I thank our very dedicated and caring staff for their work in supporting the continued education and wellbeing of your children. They are very deserving of the next two weeks holidays, as a time to recharge and take a break.

This week we have had a lot of children absent through illness. Thank you to all our families for heeding the advice and staying away from school and the work place if unwell.

We have noticed that students are very tired after what has been a long term.

Even though our students haven't been on-site for much of the term, it's important to remember they have still been very active through their remote learning packs and adjusting to different routines. Use the next two weeks to relax and enjoy some family time together.

Reports will be uploaded to Compass today. Please take the time to read through them with your children. As mentioned last week there are no progression points this semester as per the Department recommendations. However teachers have compiled some achievement comments that relate to your children's learning over term one and two. If you have any comments or questions please contact your classroom teacher or the office.

Fiona Carson - Principal

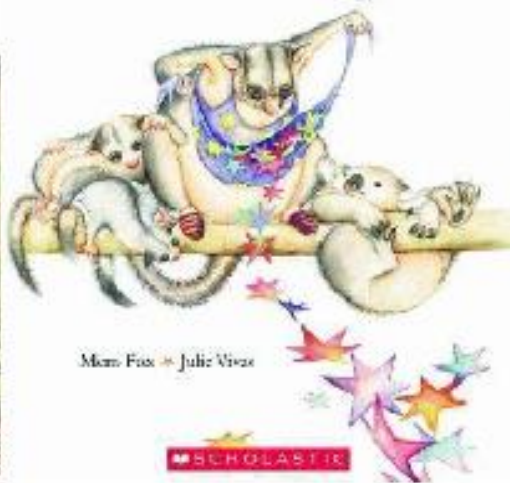

This Week at Appin Park!

Possum Magic

Possum Magic

Since returning from remote learning, 1/2S have been practicing their retelling skills using the story 'Possum Magic' by Mem Fox. Students made puppets and preformed a puppet show to the rest of the class. We ate lamingtons to celebrate all the hard work we have done!

I CARE

The Students & Staff of Appin Park thank the Into Our Hands Community Foundation for their generous grant that has allowed us to buy a new stove, washing machine and dryer (and install them) for the school.

Thank you!
