### Teacher assessments from the Australian Curriculum/Victorian Essential Learning Standards (AusVELS)

Percentage of students in Years Prep to 6 with a grade of C or above in:

- English
- Mathematics

The grades are the same as those used in your child's end of year report.

A 'C' rating means that a student is at the standard expected at the time of reporting.

### NAPLAN Year 3

Average score achieved on the NAPLAN Reading and Numeracy tests conducted in May each year.

Year 3 assessments are reported on a scale from Bands 1-6.

Bands represent different levels of achievement. For Year 3, the National Minimum Standard is at Band 2.

### NAPLAN Year 5

Average score achieved on the NAPLAN Reading and Numeracy tests conducted in May each year.

Year 5 assessments are reported on a scale from Bands 3-8.

Bands represent different levels of achievement. For Year 5, the National Minimum Standard is at Band 4.
Achievement | Student Outcomes | School Comparison
--- | --- | ---
**NAPLAN Learning Gain**
*Year 3 - Year 5*

Learning gain of students from Year 3 to Year 5 in the following domains; Reading, Numeracy, Writing, Spelling and Grammar and Punctuation.

NAPLAN learning gain is determined by comparing a student's current year result to the results of all 'similar' Victorian students (i.e. students in all sectors in the same year level who had the same score two years prior). If the current year result is in the top 25%, their gain level is categorised as 'High', middle 50%, is 'Medium' and bottom 25%, is 'Low'.

### Student Attendance

Average days absent per full time equivalent (FTE) student per year. Common reasons for non-attendance include illness and extended family holidays.

Absence from school can impact on students’ learning. A school comparison rating of ‘lower’ indicates that the absence rate in this school is greater than what we would estimate, given the background characteristics of their students.
